RE: **"Promedicus.net" E-mail Reports**

Dear

Southern Nuclear Imaging (SNI) will soon be able to provide **e-mail scan reports through "Promedicus.net"** (see www.promedicus.net) at **Shoalhaven Nuclear Imaging**. This letter is written to invite you and your practice to register with Promedicus.net, so that your patient's SNI scan reports can be directed, through their secure system, to be downloaded and imported into your medical software package. This service will be provided to you free of charge (a service cost is incurred by SNI).

Would you like to be added to the list of our referrers receiving Promedicus.net reports?

YES **Please continue** NO Maybe join up later?

Promedicus.net requires the completion of their **questionnaire** (*the SNI survey [pg.2] is a separate document for our information only*). To facilitate this process you may:

- Complete the attached Questionnaire as a hard copy and **fax it directly to Promedicus.net**. Find extra copies of the Questionnaire (in MS Word format) on the Southern Nuclear Imaging Web site "www.nuclearimaging.com.au". They can be printed, filled out and faxed (as above),
- Edit the digital copy (as obtained from the Web Site in MS Word) of the Questionnaire and e-mail it as an attachment to Promedicus.net (keymaster@promedicus.net)
- Can't find the questionnaire? Send an email to gminch@ozemail.com.au requesting the questionnaire. This will be sent back (as a reply) through the normal e-mail system. It can then be completed and forwarded to Promedicus.net as a hard copy or forwarded via e-mail.
- Any concerns? Please contact Gary Minch on 0418 763528.

For those already using Promedicus.net:

Once Promedicus.net has received your completed questionnaire they will send Southern Nuclear Imaging your Promedicus.net e-mail address. Your information will be automatically updated on our computer system when we dial Promedicus.net to send reports. This will enable us to send your encrypted SNI Scan reports through the Internet (via the Promedicus.net server) to your practice.

For those not currently receiving Promedicus.net reports:

Both pages of the Promedicus Questionnaire (not the SNI Survey) will need to be completed. When they receive your completed questionnaire, Promedicus.net will provide the software and (if required) support to enable you to set up your computer systems. If your system is compatible, you can easily get set up to download reports and automatically import them into your patient's digital file on your practice's medical software package.

We look forward to providing you and your practice with the best possible service. Should you have any suggestions we would be happy to receive them.

Sincerely,

Phillip Monaghan, Bob Dickinson and Norm Lyons

Southern Nuclear Imaging Survey of Image and Report Preferences- February 2004.

We would like to know what feedback (reports/images) you would prefer to receive from us. We were hoping that you could take a few minutes to complete the following survey. Could you please return it (this **one page** only) in the pre-paid envelope enclosed?

Note: This is NOT the "Promedicus.net" Questionnaire.

What do you think?

1. When you start to receive email reports, will you still require **copies of the images**?

YES NO **ONLY ON SELECTED PATIENTS**
(eg. On abnormal scans only)

Comments: _____

2. If you would still like to receive images, would you prefer to **receive a CD-ROM** instead of Films? (**Note:** Feasibility to be established at the Shoalhaven Practice. Available at Illawarra)

YES NO **NOT SURE**

Comments: _____

3. When you are receiving email reports, would you also like to be sent a **hardcopy** of the report?

YES NO **ONLY ON SELECTED PATIENTS**

Comments: _____

4. If you are using "**Medical Director**" are you using our **A4 Request Forms**?

YES NO

If "**NO**", do you wish to? _____

Do you need help to set up your computer's co-ordinates for printing? _____
(See directions at www.nuclearimaging.com.au for setting up Medical Director for our forms)

5. Would you like us to provide "**Tick**" **boxes on our request forms** so that you can have the flexibility to decide on your preferred options (from those above) on each individual patient?

YES NO

Comments: _____

Thankyou for taking the time to complete this confidential survey.
